

## Resolution for Cyprus Issue

The World Peace Council Secretariat Meeting that took place in Vientiane at 25<sup>th</sup> to 26<sup>th</sup> of November 2019 discussed among other crucial issues that effects and undermine peace in Asia and in the World, the developments regarding Cyprus as well.

The WPC Secretariat acknowledges the region of Eastern Mediterranean, as one of the most desired areas for the imperialists because here, gas, petrol, their transport routes and transitional stations, coexist. Turkey considers Cyprus important for its interests. NATO wants to use Cyprus in its plans. Hence, we should especially now keep this in mind.

We, the anti-imperialist peace loving forces condemn the ongoing for 45 years illegal Turkish Occupation of the 37% of Cyprus. We denounce the division of Cyprus and clearly state that for us permanent division of the Island is a catastrophe. **We denounce Turkey's recent illegal activities in the Cypriot EEZ (Exclusive Economic Zone) and Famagusta, which create new fait accompli and threaten with permanent partition.** We will not stop expressing in all possible ways our solidarity to the Cyprus Peace Council and the anti-imperialist struggle of the people of Cyprus, both Greek Cypriots and Turkish Cypriots, against occupation for a really just and viable solution, that will reunite the Country and the People of Cyprus and will set the People of Cyprus total masters of their land and their wealth.

We do underline that the only way for solving the Cyprus issue is through a peaceful process. The bi-communal negotiations between Cypriots must be fully respected by everybody and be let proceed without any interference and interventions with complete respect to the International Law and the UN Resolutions for Cyprus.

The WPC Secretariat stands in solidarity with the people of Cyprus who struggle for a reunited Country and People in a Bi-zonal, Bi-communal Federation with a single Sovereignty, single citizenship, and single international representation and with political equality. We support a solution that can be reached outside suffocating deadlines and free from custodians and Guarantors, a solution that will set free Cyprus from all armies and military bases.

We support the struggle of the Cyprus Peace Council for the dismantling of the British Bases in Cyprus and against their use in military operations against the peoples of the region.

**Lasting Peace with justice for Cyprus!**
